No. LP187

1) There was an interpellation in the Assembly regarding this subject. It is directed in the Government Order that the sewer line may be diverted through some other way. It is not clear at whose cost it should be done. I had to go through this file during the last session of the Assembly. I personally feel, that the cost of shifting the sewer line should be met by the owner of the Mill. The Chief Minister had asked me to place this before the Council for taking a decision.
